I am concerned about reports I get re UK attitude toward Prozac safety. Leber suggested a few minutes ago we using the CSM database to compare Prozac aggression and suicidal ideation with other antidepressants in the UK. Although he is a fan of Prozac and believes a lot of this is garbage, he is clearly a political creature and will have to respond to the pressures. I hope Patrick realizes that Lilly can go down the tubes if we lose Prozac and just one event in the UK can cost us that. You know my prejudice about Patrick, but if I hear one more problem about not covering Prozac safety in the UK, Allan, I'm going to really be up in arms. Leigh
